6 Course Description

Looking for a Business and Accounting course in Birmingham? Our BSc Business Accounting degree is accredited by ACCA, CIMA, ICAEW, AIA and IFA.

Designed to equip you with the intellectual and technical building blocks to kick-start your career in business and accounting, this degree's professional accreditations enable fast-track progression into the world of accountancy. You'll also have the option to take a year-long sandwich placement in industry during your course.

What's covered in the course?

You will study accredited modules that are designed to meet high standards, and you'll also have the option to undertake a full year's work placement, gaining vital real-life skills. As you progress, you will become more effective and creative as a problem solver and be able to critically advise individuals and companies on a range of business-related matters.

You'll develop the professional accounting skills required of any senior manager and have the flexibility to customise your own programme during the second and final years to become a specialist in economics, taxation, project management or international business.

Completing the course will not only enable you to follow careers in accountancy, but careers in any aspect of business, as you'll have an in-depth understanding of all aspects of business operations.

13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- Scheduled Learning includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- Private Study includes preparation for exams

The balance of assessment by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.
