

BA (Hons) Business and Finance

Applications:	For full-time study please apply through UCAS Institution code: B25 Course code: NN13
Duration:	Three years (Four years with placement year)
Location:	City North Campus, Perry Barr

WHY CHOOSE US?

- Study at one of the UK's most established, respected and largest business schools.
- Co-curricular activity with our Leadership Challenge programme provides you with the opportunity to develop your skills and work on real life projects.
- 91 per cent of students agreed that staff are good at explaining things (Source: Unistats).
- There is no fee for the additional placement year.
- You will have the chance to listen to high profile guest speakers who will share their experience and insight, to help you further understand your chosen field.
- As well as the academic opportunities, Birmingham is a multicultural city full of exciting opportunities, with a vibrant student population. We believe our city is a great place for you to live, study and work.
- Students who previously studied this course have gone on to work at companies such as Ocean Finance, Virgin Media, Momenta Holdings Limited, Bristol Council and Shanghai Zhenghe tax office.

ENTRY REQUIREMENTS

At least 280 UCAS points obtained from a minimum of one 12-unit or two six-unit A Levels, plus at least two GCSEs at grade C or above, including English language and mathematics or equivalent qualifications.

Please note: You must already have the required GCSE grades stated above at the point of application.

COURSE OVERVIEW

- The business pathway prepares you for fast-track training and entry level management posts, or even to set up your own entrepreneurial venture. The study of business provides a detailed understanding of the way organisations work, how they operate within their specific environment and the impact on individuals working within them.
- The finance pathway blends theory with practice, applying it to real-world situations. It has an excellent employment record with many students going on to complete professional examinations.
- You will gain a sharp, practical insight into financial markets and planning, plus a study of effective business operations and decision making.
- Studying a core first year, before moving to subject-specific modules, gives subject flexibility and increases your employability.
