6	Course Description
	Our BA (Hons) Illustration degree course aims to give those with a passion for image making and illustration the skills they need to capture and communicate ideas through pictures. We celebrate the challenge of finding your individual visual voice through experimenting, risk taking and critical reflection. You will also explore how your work can be applied across a wide range of contexts, from commercial work to personally-driven projects.
	This course provides an opportunity to development a wide range of transferable skills and design process knowledge that is highly desirable to employers.
	What's covered in the course?
	Our challenging and exciting Illustration course will help you develop new skills and different ways of thinking, enabling you to find your own individual, visual voice and prepare you for the ever-changing creative industry.
	The course celebrates the synthesis between illustration and all the other visual communication subject disciplines, leading to the development of strong student collaborations that again aims to reflect industry practice.
	We support a lively creative community, encouraging the value of peer learning. This learning is supplemented by an integrated workshop programme that provides the opportunity to work alongside, and be informed by, industry experts from a wide range of disciplines.

13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- Scheduled Learning includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- Private Study includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.
