

BIRMINGHAM CITY
University

POSTGRADUATE GUIDE

2018/19

WELCOME

I'D LIKE TO GIVE YOU A WARM WELCOME TO BIRMINGHAM CITY UNIVERSITY. I AM IMMENSELY PROUD TO BE THE CHANCELLOR OF THIS VIBRANT AND DIVERSE INSTITUTION.

Our University offers the sort of education I'd have loved when I was younger – right in the heart of the thriving city of Birmingham, with fantastic facilities that blew me away when I first visited. The teaching staff are incredibly passionate about their subjects and give our talented students the chance to go on and achieve their ambitions.

My advice is to come and see for yourself what's happening at the University and across the city. I did, and that's why I was thrilled to accept this amazing role.

I look forward to working with you, helping you become part of Birmingham City University's next generation of talent.

Sir Lenny Henry,
Chancellor, Birmingham City University

FIND YOUR FUTURE HERE

WELCOME TO BIRMINGHAM CITY UNIVERSITY AND THANK YOU FOR YOUR INTEREST IN TRANSFORMING YOUR FUTURE PROSPECTS THROUGH POSTGRADUATE STUDY WITH US.

A postgraduate qualification is an opportunity to be introduced to new ideas, to gain expertise of your specialist subject and to give your career a real edge.

Our innovative teaching methods, ground-breaking research and collaborations with industry are backed by almost 50 professional accreditations – an approach that is constantly broadening the thinking of our staff, students and associates.

By studying here, you will gain the knowledge and attributes that today's

employers constantly crave. Through our close relationships with businesses and organisations in Birmingham, you'll gain extensive practical experience and skills. It's no surprise that within six months of graduating, 97% of our postgraduate students have progressed into employment or further study*.

Since our launch in 1843, the University has developed and evolved to meet the modern world's demands. One factor that has always remained the same, however, is our determination and

focus on providing a state-of-the-art education for our future professionals.

Proudly located in the heart of the exciting and diverse city of Birmingham, we have a true world presence – one that embraces individuality, ambition and success.

We hope to welcome you soon, but if you have any queries about postgraduate study in the meantime, please don't hesitate to get in touch with us.

*Destination of Leavers from High Education survey 2015/16

WHY STUDY WITH US?

HERE ARE 10 REASONS TO CHOOSE BIRMINGHAM CITY UNIVERSITY.

1 POSTGRADUATE EMPLOYMENT RATES

Our commitment to developing postgraduates with the skills and knowledge they need means that 97% of our postgraduates are in employment or further study within six months.

(Destination of Leavers from Higher Education survey 2015/16)

2 A GLOBAL CITY

Study with us and you will be located at the heart of the dynamic city of Birmingham – with all the social and employment possibilities that it brings.

3 LEARN FROM THE BEST

Our teaching staff come from and maintain links with industry, and eight are National Teaching Fellows – the most prestigious award for excellence in university teaching and learning.

4 PRACTICE-BASED RESEARCH

Almost 90% of our research was judged to have delivered outstanding or very considerable external impact

(Research Excellence Framework 2014).

5 INVESTING IN YOUR FUTURE

We're investing £260 million in industry-standard, state-of-the-art facilities to ensure you have the best possible environment for practice-based learning.

6 AMAZING FACILITIES

From five TV and six radio studios to a mock hospital ward and City trading room, we are committed to providing the best facilities for our students.

7 CHOICE FOR ALL

With over 120 postgraduate and professional development courses to choose from, there's choice to think outside the box and arm yourself with a postgraduate qualification that suits your interests and ambitions.

8 SUPPORT AND ADVICE

Throughout your time with us, you'll have access to our full range of student support services including career advice, mentoring and professional development events.

9 ENHANCED EARNING POTENTIAL

Someone with a Master's degree or PhD earns £6,000 more per year, or £240,000 over a 40-year working life, than someone with just a degree.

(Graduate Labour Market Statistics 2016, Department for Business, Innovation and Skills)

10 FINANCIAL SUPPORT

Loans of up to £10,280 are now available to support with fees and living costs for postgraduate students.

OUR RESEARCH

RESEARCH IS A CORE COMPONENT OF WHAT WE DO AT BIRMINGHAM CITY UNIVERSITY. OUR RESEARCHERS ARE COMMITTED TO DISCOVERING NEW KNOWLEDGE AND DELIVERING REAL BENEFITS TO CULTURE, INDUSTRY, SOCIETY AND THE ENVIRONMENT.

Postgraduate research students are members of our wider research community of academics and research staff, research collaborators and research users, who work together to create and apply new knowledge and understanding.

Studying for a research degree allows you to explore your chosen topic in greater depth, guided by expert supervisors within a supportive environment. In addition to analytical and research skills, you will develop transferable professional skills which are highly valued by employers, such as time management.

Research Areas

Our priority areas include:

Allied Health Professions,
Nursing and Life Sciences
Architecture, Built Environment
and Planning
Art and Design
Business and Management
Criminology and Social Sciences
Cyber Security, Computer
Science and Informatics
Education
English
Engineering
Law and International Legal Studies
Media and Cultural Research
Music, Drama and Performing Arts
Psychology.

Our academic staff and research students conduct innovative research in these areas that helps to shape and change the world.

To find out more about research degrees, please visit our website at www.bcu.ac.uk/research.

FINANCE

IT'S IMPORTANT TO BE AWARE OF THE FUNDING AVAILABLE TO YOU WHEN YOU CHOOSE TO DO POSTGRADUATE STUDY, TO ENSURE YOU HAVE ENOUGH MONEY FOR COURSE FEES, STUDY MATERIALS AND LIVING COSTS.

Tuition fees

Each course web page includes the tuition fees for that course. Some courses involve intensive laboratory, clinical or fieldwork so may have higher fees.

International students (from outside of the UK/EU) will be charged fees at the international rate. Part-time fees normally do not apply to international students as your student visa requires you to study full-time.

Visit the course pages to find out about tuition fees and costs at www.bcu.ac.uk/pgcourses.

Funding your postgraduate degree

There are many areas of funding and many different bursaries to apply for, but there is no shortage of competition for them. When it comes to funding, it's important to start early – as soon as you've found a place on a course, funding should be your main priority. Your starting point should be contacting the University, who will be able to tell you about any funding available.

Postgraduate loans

The UK government offers loans to eligible students starting a taught or research Master's degree. The maximum loan for students who ordinarily live in England or Wales is £10,280. A package of support is also available to students who live in Scotland or Northern Ireland, and to eligible students from the EU.

Full details, including eligibility and repayment, can be found at: www.gov.uk/postgraduate-loan.

Research funding

The UK government also intends to introduce postgraduate doctoral loans of up to £25,000 for students starting a research degree in the UK. Find out more via gov.uk once confirmed.

Research funding is awarded on a competitive basis, using independent expert peer review. Potential applicants should refer specific questions about the applications process to the relevant Research Council. Discover more at: www.rcuk.ac.uk/funding.

Professional and Career Development Loan

These are bank loans to help cover your fees and living expenses and range from £300 to £10,000. Check out www.gov.uk/career-development-loans for more information.

OTHER SOURCES OF FUNDING MAY INCLUDE:

- BCU Loyalty Scholarships
- PGCE student funding
- Career Development Loans
- Employer support
- Disabled Students Allowance
- Trusts and Charities

ARTS, DESIGN AND MEDIA

Our Faculty of Arts, Design and Media includes a specialist music and drama conservatoire, a leading provider of media training, and Europe's biggest jewellery school.

The faculty is internationally renowned for creative education with a history dating back to 1843. It's also England's largest provider of creative courses outside of London (HESA 2015/16).

Our links with industry include Rolex, Swatch, Saatchi and Saatchi, Goldsmith, the BBC, The Brits, Axis Design Architects Ltd, Sony Computer Entertainment Europe, SEGA and Rockstar North.

BUSINESS, LAW AND SOCIAL SCIENCES

The Faculty of Business, Law and Social Sciences is a globally aligned faculty, drawing on theories and practice from around the globe to inform our learning environment.

Birmingham City Business School is a professionally oriented, international business school focused on connecting you with every aspect of the world of business and innovation. While we have a unique relationship with the extraordinary city we're rooted in, renowned for its industry and commerce, our courses are designed to meet the needs of businesses across the globe.

Birmingham City School of Law has been at the forefront of innovative law teaching for more than 40 years, specialising in social justice and access to justice, with leading academics who are experts in human rights and the death penalty, as well as civil and social issues.

At Birmingham City School of Social Sciences our mission is to make sense of the world. Our students and academics work together across the disciplines of Criminology, Psychology and Sociology to develop insights into society.

COMPUTING, ENGINEERING AND THE BUILT ENVIRONMENT

The Faculty of Computing, Engineering and the Built Environment comprises two schools with a shared vision to create a powerful centre of technological excellence and innovation, and to equip you with the skills you need to succeed in the workplace and contribute to the wider society.

We have excellent resources including state-of-the-art laboratories and engineering workshops, world-class film and television studios, and the latest computing and digital

technologies, all located in a spectacular environment provided by the Millennium Point building.

Our courses are designed to develop highly employable graduates and we have worked closely with our strong employer network to ensure our courses meet their demands and expectations. We work with some of the world's foremost employers, including the BBC, Microsoft, Cisco, Jaguar Land Rover and Wilmott Dixon.

HEALTH, EDUCATION AND LIFE SCIENCES

The Faculty of Health, Education and Life Sciences has a long and established history of delivering training for the education and healthcare professions. As a result, we're the region's leading supplier of both qualified teachers and NHS healthcare professionals. The quality of our training is reflected in our enviable employability rates with 97.5% of postgraduates in the School of Education and Social Work and 100% of postgraduates from the School of Nursing and Midwifery in work or further study within six months of graduation according to the latest survey results.

The School of Health Sciences was established in 2014 to accommodate our growing portfolio of Biomedical Science and Sport courses. The school aspires to be one of the largest and most diverse providers of public health education in the country.

Through our history of working with overseas ministries, academic institutions and professional bodies we've supported transformation in local healthcare and education practices. We are currently engaged in collaborative research and delivery in a variety of areas including student progression, and mobility of staff and students.

NEXT STEPS

1 FIND YOUR COURSE ON OUR WEBSITE

Pop onto our website and find the course you wish to study.

2 SPEAK TO AN ACADEMIC

Who better to speak to than the person teaching the course? Every single course page has the option to speak directly to an academic so you can find out the finer details of what you'll learn.

3 CHECK YOU MEET THE ENTRY REQUIREMENTS

Once you have found the course you'd like to apply to it's important that you meet the entry requirements. Some courses require an undergraduate degree in a related subject, while some require a certain amount of work experience. Entry requirements can be found in the individual course listings in our courses section online.

4 SPEAK TO THE COURSE ENQUIRIES TEAM

The Course Enquiries Team is a dedicated information and guidance team here to help you find out more about studying at Birmingham City University. We'll provide you with the information you need to make an informed choice about choosing the correct course.

Complete our online form or call +44 (0)121 331 5595.

5 JOIN US AT AN OPEN DAY

To really get a feel for life at the University, there is nothing better than visiting us in person. At our Open Days, you can chat with staff and students, view our fantastic facilities, learn more about the Students' Union or take a tour of our accommodation. www.bcu.ac.uk/pgopen

6 PREPARE

Prepare your personal statement, references and portfolios if required.

7 APPLY DIRECTLY ONLINE

Once you're ready, you can apply directly for the course on our website. All you need to do is register for an account and you'll have step by step instructions on what to do next.

8 RECEIVE AN OFFER

Once we've received all of your documents, we'll let you know if you have been successful. You may need to supply extra documents but we'll let you know. Then you'll need to accept your place to receive information about joining us.

Important legal information

Birmingham City University's Terms and Conditions are available on The Student Contract web page (www.bcu.ac.uk/student-info/student-contract) and contain the principal terms of the agreement that will apply should you accept the offer of a place to study with us. It is important that you read this document carefully.
