| 6 | <b>Programme Description</b>   |
|   | <p>Study our BSc Property Development and Planning degree course and you'll uncover the theory, methods and tools needed to succeed in the planning and development professions.</p> <p>If you aspire to gain chartered surveyor or chartered town planner status in the UK, you'll be pleased to know our course has been developed in line with the requirements of the Royal Institution of Chartered Surveyors (RICS) and the Royal Town Planning Institute (RTPI). Plus, it offers the option to progress seamlessly onto a Masters level course when you graduate.</p> <p><b>What's covered in the course?</b></p> <p>The BSc (Hons) / MPlan Property Development and Planning course reflects the changing professional context of planning, land and property development, and the connections between the range of professions active in managing the built environment. Some of the content is shared with our other professionally-accredited built environment courses, so you will receive a varied and comprehensive education focused towards relevant professional employment. Understanding professional requirements, standards, ethics and behavior are important throughout the course – and your working life.</p> <p>You will assess how property development can affect individuals and groups, examining the process and outcomes. The financial aspects of property development and management are also covered. You will look at how town planning can facilitate appropriate development: development plans, policies and projects, as well as examining the physical, technical, legal, environmental and political factors affecting development decisions. You will develop your awareness of the complexities and variety within and between different communities, as well as evaluating community participation and empowerment.</p> <p>You will build skills in managing yourself and working with others, including those from related professions, to identify and achieve the best outcomes for clients, communities and places. You will meet professionals currently working in practice, who contribute to the Property Development and Planning course and help ensure that you get the most up-to-date ideas and</p> |

|          |                          |                 | US0850S                  |
|          |                          |                 | UM0027                   |
|          |                          |                 | UM0027S                  |
|          |                          |                 | UM0037                   |

|  |                           |
|--|---------------------------|
| <b>10</b>  | <b>Entry Requirements</b> |
| The admission requirements for this programme are stated on the programme page of the BCU website at <a href="https://www.bcu.ac.uk/">https://www.bcu.ac.uk/</a> or may be found by searching for the programme entry profile located on the UCAS website. |                           |

|           |   |
|-----------|---|
| <b>11</b> | <b>Programme Learning Outcomes (KEY: B - BSc; M – MPlan)</b>  |
|           | <b>Knowledge &amp; Understanding</b>  |
| <b>1</b>  | Identify the socio-economic, environmental, political and historical frameworks within which property development and planning processes take place, and their impact on those processes B  |
| <b>2</b>  | Explain the significance of funding arrangements within the context of property development and planning; and assess the role of different stakeholders involved with the development process, including issues of procurement and project management B |
| <b>3</b>  | Identify and apply the principal planning tools (regulatory, incentive, valuation, scenarios and participative) to address spatial planning challenges across the built environment B+M   |
| <b>4</b>  | Demonstrate the application of law as it relates to relevant aspects of property development and planning frameworks B  |
| <b>5</b>  | Develop business and managerial approaches and skills that enable the successful implementation of appropriate techniques and technologies related to property development and planning B+M   |
|           | <b>Cognitive &amp; Intellectual Skills</b>  |
| <b>6a</b> | Formulate independent conclusions based on a rigorous, analytical and critical approach to project requirements B   |
| <b>6b</b> | Argue rationally and draw independent conclusions based on a rigorous, analytical and critical approach to demonstration and argument M   |
| <b>7a</b> | Critically assess theory and practice to design, develop and implement a range of spatial planning solutions B  |
| <b>7b</b> | Synthesise theory and practice to design, develop and implement a range of spatial planning solutions M   |
| <b>8a</b> | Evaluate knowledge, concepts and ideas and / or forms of creative expression in a suitably professional manner B  |
| <b>8b</b> | Interpret and critically evaluate knowledge, concepts and ideas and / or forms of creative expression in a suitably professional manner M   |
| <b>9a</b> | Apply frameworks to the analysis and solution of complex development, planning and environmental issues B   |
|           | Apply interdisciplinary frameworks to the analysis and solution of complex development, planning and environmental issues M   |
|           | <b>Practical &amp; Professional Skills</b>  |
| <b>10</b> | Demonstrate competence across relevant RICS and RTPI education outcomes B+M   |
| <b>11</b> | Access information from a range of sources, such as the internet, journals, books, research papers, and appraise its suitability for undergraduate and Master's level research B+M  |
| <b>12</b> | Demonstrate the ability to work effectively, both autonomously and as a member of a team, and accept responsibility for actions taken, including health and safety regulations B+M  |
| <b>13</b> | Recognise and apply professional values and ethics in informing property development and planning excellence B+M  |
|           | <b>Key Transferable Skills</b>  |
| <b>14</b> | Manage your time effectively and prioritise workloads B+M   |
| <b>15</b> | Use multiple forms of communication and expression, employing them selectively, appropriately and effectively according to the specifics of the task B+M  |
| <b>16</b> | Access and make appropriate use of relevant information and data for a specified purpose  |
| <b>17</b> | Manage conflict appropriately in professional situations B+M  |
| <b>18</b> | Diagnose problems and identify solutions (individually and collectively) B+M  |
| <b>19</b> | Work effectively in a team B+M  |

| 12          | Programme Requirements  |              |             |              |         |                                       |    |         |                                |    |         |     |    |         |   |    |         |  |    |         |                           |    |             |             |              |         |   |    |         |             |    |         |                          |    |         |  |    |         |                    |    |         |                          |    |             |             |              |         |  |    |         |   |    |         |                    |    |         |                   |    |         |                                  |    |         |                                 |    |

### 13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.

#### Level 4

##### Workload

##### % time spent in timetabled teaching and learning activity

| Activity           | Number of Hours |
|--------------------|-----------------|
| Scheduled Learning | 288             |
| Directed Learning  | 412             |
| Private Study      | 500             |
| <b>Total Hours</b> | <b>1200</b>     |

##### Balance of Assessment

| Assessment Mode | Percentage |
|-----------------|------------|
| Coursework      | 86%        |
| Exam            | 0          |
| In-Person       | 14%        |

#### Level 5

##### Workload

##### % time spent in timetabled teaching and learning activity

| Activity           | Number of Hours |
|--------------------|-----------------|
| Scheduled Learning | 288             |
| Directed Learning  | 418             |
| Private Study      | 386             |
| <b>Total Hours</b> | <b>1200</b>     |

##### Balance of Assessment

| Assessment Mode | Percentage |
|-----------------|------------|
| Coursework      | 91%        |

|           |    |
|-----------|----|
| Exam      | 0  |
| In-Person | 9% |

## Level 6

### Workload

% time spent in timetabled teaching and learning activity

| Activity           | Number of Hours |
|--------------------|-----------------|
| Scheduled Learning | 210             |
| Directed Learning  | 282             |
| Private Study      | 708             |
| <b>Total Hours</b> | 1200            |

### Balance of Assessment

| Assessment Mode | Percentage |
|-----------------|------------|
| Coursework      | 82%        |
| Exam            | 0          |
| In-Person       | 12%        |

## Level 7

### Workload

% time spent in timetabled teaching and learning activity

| Activity           | Number of Hours |
|--------------------|-----------------|
| Scheduled Learning | 210             |
| Directed Learning  | 300             |
| Private Study      | 690             |
| <b>Total Hours</b> | 1200            |

### Balance of Assessment

| Assessment Mode | Percentage |
|-----------------|------------|
| Coursework      | 70%        |
| Exam            | 0          |
| In-Person       | 30%        |
